

Buckingham Palace 2

Morrisson

Yo

Morrisson

Yeah I live in a place called Newham

Couple miles away from Buckingham Palace

It's mad how we can live so close to the royals, but, at the same time it feels like we're living in two completely different worlds

So that being said, God bless the trap

They was hoping I'd fall off, but I didn't

I stayed consistent now look at me winning

Expensive designer, just look at the linen

Drive luxury motors, just look what I'm whipping

I'm covered in diamonds, just look how they glisten

Said I'm covered in diamonds, just look how they glisten

Hit after hit, I ain't missing a minute

My goal to get rich, just got hit with precision

Bullseye, now look how I'm living

From kipping in bandos and living in prisons

To luxury living, I feel like Prince William

I'm feeling like Meghan, I come up off Harry

I feel like Camilla, I'm paid off of Charlie

I've got my trap looking like Buckingham Palace

I step in that bando they lay the red carpet

I'm British trap royalty

Bro's free 'cause I paid for his lawyer fees

I met Lizzie and gave her my loyalty

Plugs overseas and they keep on annoying me

I run back the brizzies if they don't come oily

I run back the brizzies, they run back my money

I ain't tryna put nine girls in my Sprinter

I load it with work and I send it to country

I load it with work and I send it up so

They knicked bro and they set him up so

I caught my man and shot him myself

I ain't one of them man that send a young buck

I ain't one of them OGs grooming the youngers

I'm one of them OGs that move with the cutlass

Nothing ain't changed bro, I'm still on badness

Still mob tied with the shooters and hustlers

Yo

They was hoping I'd fall off, but I didn't

I stayed consistent now look at me winning

Expensive designer, just look at the linen

Drive luxury motors, just look what I'm whipping

I'm covered in diamonds, just look how they glisten

Said I'm covered in diamonds, just look how they glisten

Hit after hit, I ain't missing a minute

I'm British trap royalty

Bro's free 'cause I paid for his lawyer fees

I met Lizzie and gave her my loyalty

Salute when you see me, I'm British trap royalty

I'm British trap royalty

Bro's free 'cause I paid for his lawyer fees

I met Lizzie and gave her my loyalty

Salute when you see me, I'm British trap royalty

Buckingham Palace

My trap is still looking like Buckingham Palace
My trap is still looking like Buckingham Palace
My trap is still looking like Buckingham Palace
I've got a house full of Charlie and Harry
My trap is still looking like Buckingham Palace

Yo

We're in the middle of a drought and the work just landed, that's perfect timing

Buss down cubans, buss down kettles with VVS stones, that's perfect diamonds
All year it's been thunder and lightning

Them storms couldn't stop us 'cause them birds kept flying

That's the sound of my heartbeat any time I looked up and heard them sirens

New yutes on the block, they're active and doing a lot but they're doing too much

They'd rather go shoot up a block than make money, these yutes are just lost

They do what they want, to prove what they're on they go shoot up a block and then post it on socials for views on a blog

The only time us man are backing out cameras are when we've got 'em pointing at the roof of your crop

On some thermal shit

You better fly straight, I'ma burn that bridge

I'ma burn man's skin, respect, man earnt that shit

Flashbacks from the dirt man did

It's a dirty game

Still we put in work and ting, tryna work these bricks on this worthless strip

Tryna get into our bag on a Birkin ting

And the feds come bursting in like 'Who turned man in?'

They caught bro with a bird on him

Then the judge threw a bird at him

And he birded him

Now he's stressed 'cause his bird left him

Can't believe that she turned on him

Little dirty bitch

Got knicked on his first T trip

With a dirty brick

And the judge gave him thirteen years

And he's only gonna earn a quid

So it wasn't even worth the risk

Yo

They was hoping I'd fall off, but I didn't

I stayed consistent now look at me winning

Expensive designer, just look at the linen

Drive luxury motors, just look what I'm whipping

I'm covered in diamonds, just look how they glisten

Said I'm covered in diamonds, just look how they glisten
