

# Mary Jane

Morrison

Yo, yeah I writ this song to someone that's very special to me  
Show you how much I appreciate you and what you've done for me  
For being there through all my highs and lows  
I just wanna say thank you, thanks for havin' my back no matter what

She looks good, she smells good, she's picture perfect  
I knew linkin' her was risky, but that risk was worth it  
I was at the bottom then she came along and helped me up  
And she's the one that gave me help and taught me how to level up  
She took me out the hoopty, then she put me in a BM  
I didn't care about her past and she didn't care about my BM, nah  
We're the power plant, nah scrap that, we was a power couple  
She's ride or die, she'd back my hustle  
Both of us are from the mud, with dreams of makin' it out the jungle  
And she's the cream of the crop and she's the queen of the block  
And every weekend we chopped, she swallowed every seed that I dropped  
And we've been breeding a lot, now our family tree looking strong  
Our lives are Gucci, hella G's in a box  
And she's loud but keeps it quiet whenever there's police at the door  
We're living good now, but we've been through the wars (Chyeah)  
Everybody wants her, even my own mates tried stealing her  
That's why the AK47's in da car

We've been through highs and lows  
You let me grow, I let you do the same  
You gave all the mandem hope  
My entry point into the game  
Yeah that's Mary Jane  
I keep you round me cuh you're ride or die  
Yeah that's Mary Jane  
I dress you up and put you on the line

Mary Jane you changed my life and girl I love you for that  
Mary Jane you're the reason I ain't struggling now  
All them days and lonely nights that we both done in the trap  
All finally paid off for us Mary, tell them look at us now  
She said I knew you was a real one, even when you had no money  
You never told me that you loved me, you just showed me that you love me (That's right)  
Used to put me in your car and drive me up and down the country  
And you always took my side when I was beefing with your mumsie  
Yeah my mother didn't like you, when she'd see you she'd kick off  
She didn't know you was in the house because you was living in the loft  
Even though I know she was nosey, I didn't think that she would clock  
But she did and kicked us out, we had to live at uncle Bobs  
Fuck a 50 shades of grey, she gave me 50 shades of green  
Because of Mary Jane I was making over 50k a week  
And I nearly caught a body when them jackers tried to burgle her  
And even went jail and rid a bird for her, that's Mary Jane

We've been through highs and lows  
You let me grow, I let you do the same  
You gave all the mandem hope  
My entry point into the game  
Yeah that's Mary Jane  
I keep you round me cuh you're ride or die  
Yeah that's Mary Jane

I dress you up and put you on the line

Mary Jane you changed my life and girl I love you for that  
And Mary Jane look you're the reason I ain't struggling now  
All them days and lonely nights that we both done in the trap  
All finally paid off for us Mary, tell 'em look at us now  
That's why I love you Mary Jane, it's just us two Mary Jane  
And you've never let me down, that's why I trust you Mary Jane  
And if I didn't have you I'd be nothing Mary Jane  
That's why I owe my life to Mary Jane, yo I love you
