

Extreme Tolerance

Morta Skuld

I'm the voice
Inside your head
A weapon
You can't control
You want to destroy me
Because we're not the same
You want to destroy me
Because you're not to blame
Digging up dirt
From your past
Manipulating
People with words
You want to destroy me
Because we're not the same
You want to destroy me
Because you're not to blame
I am the enemy with no face
I am the enemy with no name
I am the one you can't kill
I am the one you can't find
I am the enemy with no face
I am the enemy with no name
I am the one you can't kill
I am the one you can't find
We berate them
Desecrate them
Crucify them
We berate them
Desecrate them
Crucify them
