

Hating Life

Morta Skuld

Defending my faith, defending my life, defending my right
Defending the battle within me, i'm hating life
I will get through this
Hating life

Fighting to breathe, fighting to live, fighting to see
Fighting this conflict within me
I'm hating life
I will get through this, hating life

To get beyond this, my only choice
We will get through this, hating life

No matter the pain, no matter the fear, no matter the hate
No matter the conflict within me, i'm hating life
We will get through this, hating life

I will get through this, I will get through this, I will get through this
I'm hating life, hating life, hating life
We will get through this, hating life
I'm hating life, hating life, hating life.
