

## My Weakness

Morta Skuld

My mind gets in the way of my emotions  
Trying to live outside of my mind  
Without emotions

If I, if I say no, defy - you will come find me  
If I, if I say no, defy - you will come find me

You are my drug, you are my servant  
You are my master, you are my weaknes  
You are my drug, you are my servant  
You are my master

My emotions controlling me  
My emotions constantly distract me  
My emotions controlling me  
My emotions controlling me

If I, if I say no, defy - you will come find me  
If I, if I say no, defy - you will come find me  
You will come find me now
