Mortal

filter – save me
i am dying
i don't want to
become nothing

filter – heal me
fill what's empty
have compassion
spare my baby

cleanse me, filter
in your waterfall

filter – show me
signs and wonders
send down, filter
rain and thunder

drown me, filter
in your waterfall

stay alive!
survive for me
please hang on
be strong
because help is on the way

hang on
hold on
be strong
love is not prideful
