

# Teraferma

Mortal

Massive first strike  
Distorting daylight  
Blurring space-time  
Devastation worldwide  
Maps of stretch and silence  
Echoes of fallen gates  
Above once solid cities  
Death still regenerates

"Calm your fear and lift up your eyes  
We're breaking free of terra firma tonight  
Fearless angle to the edge of sight  
We'll race the darkness till we reach the light"

So come on!  
Come on, yeah!  
Come on!  
Come on, yeah!

Generations forgotten  
Yet resilient life remained  
On foundations  
Original cities again reclaimed  
Born into revolution  
Season of the megaton  
Reason clear and empirical

Hope of the future's son  
And from the ashes of buried past  
Where death still resonates  
Rises humanity  
Where bright freedom detonates

Captain Torena  
Your courage lives forever  
Your memory lives, forever

Breach time and space  
Restore the human race

Fight the future  
Fight the past  
Just survive!

"Calm your fear and lift up your eyes  
You're breaking free of Terafirma tonight  
It's the pinnacle, fight of our lives  
Enduring darkness to embrace the light"

"Calm your fear and lift up your eyes  
We're breaking free of Terafirma tonight  
Fearless angle to the edge of sight  
We'll race the darkness till we reach the light"

So come on!
