

Adrenalize

Mortemia

Adrenalize, adrenalize
Running through my veins
One more time

Burning with desire
A raging glow
An everlasting fire
Eliminate this low
Energize and mesmerize
Revel in my veins
Adrenalize, adrenalize
Annihilate the pain

Adrenalize, adrenalize
Running through my veins
One more time
Adrenalize, adrenalize
You're my addiction
All that I desire

All that I desire
And all I've ever craved
A perpetual fire
That serves an early grave
All I've ever relished
And all I've ever yearned
Seductive and embellished
My life overturned

I cannot breathe
Cannot think
Cannot sleep neither feel anymore
I've been way too far gone
I'm lingering in the mist of a broken dream
It seems there's no way out of here

Adrenalize, adrenalize
Running through my veins
One more time
Adrenalize, adrenalize
You're my addiction
All that I desire

Adrenalize, adrenalize
Running through my veins
One more time
Adrenalize, adrenalize
You're my addiction
All that I desire
Adrenalize, adrenalize
Running through my veins
One more time
Adrenalize, adrenalize
You're my addiction
All that I desire
