

# Keep Yourself in Motion

Morten Abel

Any given situation  
Any given opportunity, you get it for free  
Just keep yourself in motion  
Don't be a drop of rain if you can be the ocean  
Do you do you do do you like that girl  
Do you like that girl with the bonfire curls  
Than get a destination  
Jump on the train  
Don't be left at the station  
You're as good as anyone  
Grab it or it will be gone...  
Everybody's mind is full of doubt  
Everybody's got it to worry about  
Keep yourself in motion  
Ride on the tide, don't run, Don't hide  
Who am I to tell you what to do  
I've got nothing in my life that I'm proud to show you  
But I keep myself in motion  
Don't wanna be a drop of rain if I can be the ocean  
We're in this together my brother  
Shoulder by shoulder we stand  
We're in this together, you and I  
In this and in everything  
We'll be looking after each other  
We'll be looking after each other  
Everybody's mind is full of doubt  
Everybody's got it to worry about  
Keep yourself in motion  
Ride on the tide, don't run, Don't hide  
Who am I to tell you what to do  
I've got nothing in my life that I'm proud to show you  
But I keep myself in motion  
Don't wanna be a drop of rain if I can be the ocean  
We're in this together my brother  
Shoulder by shoulder we stand  
We're in this together, you and I  
In this and in everything  
We'll be looking after each other  
We'll be looking after each other  
We're in this together my brother  
Shoulder by shoulder we stand  
We're in this together, you and I  
In this and in everything  
We'll be looking after each other  
We'll be looking after each other  
We're in this together my brother  
Shoulder by shoulder we stand  
We're in this together, you and I  
In this and in everything  
We'll be looking after each other  
We'll be looking after each other  
Ride on the tide, don't run, Don't hide...  
Ride on the tide, don't run, Don't hide...
