

Music Is Communicating

Morten Abel

All my life I've been wondering
Does everybody find someone,
Does everybody find someone,
To live by?
I don't know
Everyone can't win
Not everybody finds someone,
Not everybody finds someone,
To live by
Come on talk to me, don't be afraid
I'm probably everything, that you hate
Music is communicating,
Music makes you high
Music is communicating,
Music makes you high
All my life I've been wondering
Does everybody find someone,
Does everybody find someone,
To live by?
I don't know
Everyone can't win
Not everybody finds someone,
Not everybody finds someone,
To live by
