

## A Sense Of Eternity

### Mortification

Extraction the sound of the Fire  
Machine gun hit to your heart  
Vibration the way of the Beat  
Bringing forth a form of new life  
Deep rumblings life is a vapour  
Hand on the Truth of new guard

Growing years in the scene  
A sense of eternity  
god within a man's desire  
A sense of eternity

Struggling with onslaught demand  
within the Power of God I stand  
Chasing the new born reality  
Integrity strong men of God  
Blitzkrieg to stand for the Lord  
Cannot be captors of weak  
Eternity the re-born arise  
Together forever, never to die

Reform the truth of the past  
New found ways back to your heart  
Refusal to change the path  
On to which the mighty stand  
Great urgency life is a vapour  
Hold on to the truthful ways

Making straight the way of old  
Holy truth to stand bold  
God within a man's desire

A sense of eternity  
Life is a vapour today is the day  
Hold on to re-born life  
A chain is only as strong  
At its point of weakest link  
And the vital remains presented  
from a heart full of The Faith  
No one can control a mission  
of God unequally yoked
