

## Forged in Stone

### Mortification

I am forged in stone  
My foundations on The Word  
Christ the basis of the way  
Forged in stone to build my life

This fortress of the way  
Shout the truth around the world  
Foundation upon the throne  
Monument of solid gold

This stone, the solid way  
Never breaking, no decay  
Build your life upon this rock  
Forged in stone, eternal life

Christ salvation, Jesus blood  
Poured upon a world of sin  
Dripping down to build your stone  
Life upon unbreaking truth
