

Unified Truth

Mortification

Unified Truth to set free
Pounding the wall, obey me
In holy unified Truth we stay

I feel the force of God all around my side
My sight is light by storm of great unified life
My heart is kept by safe unfailing words
The wall of hearts that worship Christ our Lord

Unified Truth to set free
Pounding the wall, obey me
In holy unified Truth we stay

My God sees all men, as equal parts
Within the body of mankind as a global voice
The joining of all race to stand as one
The death of war when peace has come to mankind

We are seeing the revolution of destruction of racial hatred
Unified under God all men are equal in His sight

Blacks, Asians, Reds, Jews, Whites (x4)

Unified Truth to set free
Pounding the wall, obey me
In holy unified Truth we stay

I feel hate for hate. My need to care for what afflicts
The brothers of man worldwide
Unity brings a power where all are for
The furthering of mankind as a unified force

We are seeing the revolution of destruction of racial hatred
Unified under God all men are equal in His sight

Blacks, Asians, Reds, Jews, Whites (x2)

Unified Truth to set free
Pounding the wall, obey me
In holy unified Truth we stay
