

Everlasting Light

Mosaic MSC

You're the horizon, the bright
The glimmer that breaks the constant night
You are the brilliance, the dream
Evidence of things unseen

Even the darkest days are temporary
You are the everlasting light
All of the time and space could not contain You
You are the everlasting light

You are the glory that stays
You never dim, You never fade
You are the power, the truth
Nothing can stop You, nothing can stop You

Even the darkest days are temporary
You are the everlasting light
All of the time and space could not contain You
You are the everlasting light
Even the darkest days are temporary
You are the everlasting light
All of the time and space could not contain You
You are the everlasting light

You are the everlasting light

The end and the beginning
The new reality
Outside my understanding
Still within my reach
As far as I can see You
You're closer still to me
You are the everlasting light

The end and the beginning
The new reality
Outside my understanding
Still within my reach
As far as I can see You
You're closer still to me
You are the everlasting light

The end and the beginning
The new reality
Outside my understanding
Still within my reach
As far as I can see You
You're closer still to me
You are the everlasting light

Even the darkest days are temporary
You are the everlasting light
All of the time and space could not contain You
You are the everlasting light
Even the darkest days are temporary
You are the everlasting light
All of the time and space could not contain You

You are the everlasting light

You are the everlasting light
