

How Could I Explain

Mosaic MSC

Otra vez
How could I explain?

Overwhelming gentle kindness
You are good to me
Filled with awe and adoration
I am on my knees

How could I explain
How You love me?
How You love me?
It doesn't make sense
How You love me
How You love me

Like waves crashing into the sun
Like rain in the desert
I cannot fathom Your love
I cannot fathom Your love
Like stars coming up from the ground
Like snow falling down in the summer
How could I explain?

Your love is like an open field
I can run and never lose my strength
I can take whatever comes my way
I wanna tell You this a thousand times (Ah)
How Your love came in and changed my life (Ah)
But I can't find the words
How could I explain?

How could I explain
How You love me?
How You love me? (How could I explain?)
It doesn't make sense
How You love me (How You love me)
How You love me (You love me)

Like waves crashing into the sun
Like rain in the desert
I cannot fathom Your love
I cannot fathom Your love
Like stars coming up from the ground
Like snow falling down in the summer
How could I explain?

Like how You've redeemed what I've done?
You take every piece that I broke
And put it together
I cannot fathom Your love
¿Cómo yo explico?
Ooh-oh
Ooh-oh
Yeah, yeah, yeah

Like waves crashing into the sun (Ooh-oh)
How could I explain?

Like stars coming up from the ground (Snow falling down in the summer)
I cannot (Ooh-oh)
How could I explain?
