

I Need You

Mosaic MSC

Everything I have means nothing without you
I'd be lost in the dark without your voice
I'll do anything to be with you

You're the strength that keeps me on my feet
You're the grace that brings me to my knees
I'll do anything to be with you

You're the hope of my life and more
So I come to the source of light
You're the life that ignites my soul

I need you
I'll say it again and again that I need you
I'm over pretending that I can do life on my own
I need you

Could you take these notes and make a song
Could you take my weakness and make it strong
I'd give anything to be with you

You're the hope of my life and more
So I come to the source of light
You're the life that ignites my soul

I need you
I'll say it again and again that I need you
I'm over pretending that I can do life on my own
I need you

I need you

You're the sun in the morning
You're the air in my lungs
You're the joy in the journey

You're the light in the darkness
You're the song in the storm
You're the grace in the open
I need you

You're the king of the heavens
You're the love of my life
You're the one that I needed
I need you

I'll say it again and again

I need you
I'm over pretending that I can do life on my own
I'll say it again and again that I need you
And I'm over pretending that I can do life on my own
I need you

I need you
I'll say it again and again that I need you
