

Interlude (Mariah's Song)

Mosaic MSC

What I know is
I have not once been abandoned
I was dead, but now I'm dancing
You're the reason I'm still standing
I need You Jesus and I know it

'Cause you loved me at my lowest
And You rescued me from my darkness
And You see me in all of my weakness
Still You love me Jesus and I know it

You are with me in my grieving
You are patient with my healing
You are tender with my journey
Yes I need You Jesus and I know it

I know You've never never left me
In the mountains and the valleys
Never once did You forsake me
You love me Jesus and I know it

Oh, I need You Jesus and I know it
Yes I know it, oh I know it
Never once did You forsake me
You never left me

What I know is
It's an honor just to know You
To love You and to praise You
To trust You and to thank You
Oh, I love You Jesus
Yes, I love You Jesus
