

## Rescue

Mosaic MSC

Where would I be without Your love?  
How would I get to all this stuff without You?  
I guess I will never have to know  
How it would feel to walk alone, I have You

And I have run to the end, time and again  
Come to the end of myself  
I have come to the end, time and again  
But You show up every time

You are the rescue I've always needed  
You never leave me on my own  
For all that I am, You'll come back again  
You wouldn't leave me, not for a minute  
You shoulder my weakness  
For all that I am, You choose me again

Who would I be without Your love?  
I have a past, but still You want me  
And all of the things I used to know  
Don't even compare, they don't come close to knowing You

And I have run to the end, time and again  
Come to the end of myself  
I have come to the end, time and again  
But You show up every time

You are the rescue I've always needed  
You never leave me on my own  
For all that I am, You'll come back again  
You wouldn't leave me, not for a minute  
You shoulder my weakness  
For all that I am, You choose me again  
You choose me again, mm

And who would I be without You?  
Without You?  
Who would I be?  
Who would I be without You, without You, without You?
