

# Splendor Of The Son

Mosaic MSC

See a light break through the silent night  
Creation stands in awe  
For unto us a child was born  
Heaven's gift to us

Hear the sound of angels sing  
Behold the word is true  
All the earth prepare your hearts  
God has come to you

Come to meet the One  
Heart of God, here and now for us  
And I have a heart unworthy, still I sing  
The beauty of Your love  
And the splendor of the Son

Lift Your voice with heaven's song  
Lay every fear aside  
He has come to set us free  
And bring the world to life

For the light that's shining in Your eyes  
Will lead us through the night  
Let all my praise be sung to You  
Jesus, glorified

Come to meet the One  
Heart of God, here and now for us  
And I have a heart unworthy, still I sing  
The beauty of Your love  
And the splendor of the Son

Ooh, ohh  
Ooh, ohh  
Ooh, ohh  
Ooh, ohh

And I have a heart unworthy, still I sing  
The beauty of Your love  
And the splendor of the Son

Hear the sound of angels sing  
Behold the word is true  
All the earth prepare your hearts  
God has come to you
