

Whippedlashed

Moses Sumney

Paris in the day
London in the night
Always just a flight
With you
Fuck you on the train
Like I'm running trains
Gotta entertain
For you

I can't believe what I said
Leave what I saw
I'd leave everyone that sung your wrongs
Please, I'd live on one lung for you

Drinking from the hose
Thinkin' I was chose
Wishin' I was known
By you
You
