MoStack

Yeah, yeah

Niggas just livin' in a lie, about war me
Didn't even live up to da hype, them man saw me
And couldn't even put up a fight
I'm in the car, I'll be outside in five, don't ignore me
You better hop into the ride when it's war'ee
You know your beef is mine like jewelry
I wanna see my boys shine

Flex on opps, make them angry
Get the guaps, they can't stand me
My cousin is a opp so fuck my auntie
My cousin is a opp so fuck my auntie, yeah
I slide in wars, no remorse
What's mine is yours
Except for the wife of course
I love all my guys wait pause
I don't just dance, I slide with sauce

I don't cap, I wear my cap to da side, they're corny
Niggas just livin' in a lie, about war me
Didn't even live up to da hype, them man saw me
And couldn't even put up a fight

Only want her if she's thicker than me

We have the big toys and we have the stick for the beef
If they don't like you, they don't like us
'Cause I will even war my daddy for my tug
Give me all that loyalty, man have to earn that trust
