Fuck me, you wanna suck me, that's fine  
Take your fingers and  
Yeah  
Steel Banglez

She said fuck me, she wanna fuck me, that's fine  
Take your finger and stick it where the sun don't shine  
Back from the dead like I'm Frankenstein  
Jump on the stage, only man can sign

Uh, the Patrón's nice, but this Brandy's fine (Yeah, it is)  
So why I like to stand in line?  
Yeah I'm back from the dead like I'm Frankenstein (Uh)  
Bought it all with cash, man don't consign (Nah)  
Them man are fake, I could never co-sign  
I just saw bro and I threw a gang sign  
Leavin' the club with two gyal on who's side?  
Then I had to take the wheel 'cause bro couldn't drive  
Yo, what happened last night?

Drink drivin' got me fuckin' up my damn tyres  
Don't sleep at night, I'm like a vampire  
Bring the heat to your block like a campfire  
Drive it like I stole it, 'cause I own it, it ain't damn hired  
My dad never see son, he a vampire (Mad)  
That's why I love mum, she my empire  
You know we shine bright like sapphire  
But when bro fire, man saw bare fire
