

Let's Get Away

MoStack

Take a fly, oh, take a trip to Dubai (oh)
Still uhhhhh yeye
Woooooooooh!

I just wanna take a fly, oh
Take a trip to Dubai, oh (Dubai oh)
Chilling rooms with my idols
Too much tears in my eyeballs (fuck this)
Getting chased by the 50
Boom, bang to my rivals (my rivals)
[?] said she won the title
But I ain't got no time (oh)
No time though (oh)

Remember, when they didn't notice me
Now with my hood up they still know it's me
I can't believe I wasted time on her
Now there's time that she owes to me, (kmt)
I heard stabbing like one hundred times
I'm from the street where the guns will rise, (where the guns few will rise)
And them youtes don't love their lives
Smoke weed and get ganja high (get ganja high)
Yo the street life got me once
Black boy running from some cockney cunts
My nigga trapping in his 30s
No manners, nigga they don't know the word please (please)
The feds do man dirty
I knew they were cold
Since I saw ice in the work, please (Get it)
Still in the hood though
Still paranoid cah they could vote
I think we should vote

I just wanna take a fly, oh
Take a trip to Dubai, oh (Dubai oh)
Chilling rooms with my idols
Too much tears in my eyeballs (eyeballs, fuck this)
Getting chased by the 50
Boom, bang to my rivals (fuck them)
[?] said she won't the title
But I ain't got no time (oh)
No time though (oh)

She said I think I'm too famous
And made a lot of changes
And not with strangers, (oh)
Baby, I ain't changing
I'm just focusing on papers
Cah I'm chasing dough
I ain't got no energy
So baby, pass me the Hennessey
Let me turn it to a melody
I see niggas turn to memories
And another body in the cemetery (ahhh)
You know it's peak if you got it about
Do crime and hope it's forgotten about
My niggas move bricks and tonnes

Like blocks in the south (Brixton)
Feds come to the door
Mum, I'm not in the house (I'm not here)
Bang bang bogey, another brudda dead
From a guy in a hoodie
I swear we need to make a change
I'm still praying for some better days
[?] We ain't getting paid, GETAWAY!

I just wanna take a fly, oh
Take a trip to Dubai, oh (Dubai oh)
Chilling rooms with my idols
Too much tears in my eyeballs (eyeballs)
