

No Buddy

MoStack

No, me no trust no buddy, no buddy
No buddy
My nigga squeeze, bang, bang
If I be gone for my man

Yo, they like my pictures on IG
But I know them paigons don't like me
Lord protect me from these fuck Niggas
Cause I just want my real ones beside me
Niggas get jealous like a wifey
So, me no trust no buddy, no buddy
Heard them niggas wanna roll on me
Roll on me
But me no have worry, no worries
Cause they no catch no buddy, no buddy

Yo, trusting droppers ain't healthy
I always ask who she with when she bells me
A yo, this chick's tryna chill and take selfies
But if them other hoes see
Lord help me
Blud, it's like one week they hate me
But then the next week they love me
But both weeks I get money
I give a fuck about all you
Blud, I got fam I don't talk to
No Hello's, we just walk through
Fake niggas make me paranoid
Frenemies moving fucked up
You know I ride if I love ya'
I'll shoot a friend for a brother
I'll shoot my dad for my mama
It sounds mad, but it's so true
Real Recognize Real and I don't know you
He thinks he's bad cause he's gold tooth
Them man are shook of my mad crew
My niggas still, like statues
Said she wants to marry Jewan
And die in designer
Babe I don't trust but I like ya'
He don't bang guns
He's a liar, I've always been a rider
Cause I'm a real deal signer
A yo, I really need a lady
I want a night with Paigeey Cakey
I like your style girl, you're wavey
Ay bro, I really wanna holla that
But lightskin girls don't follow back
I need views like Hollowman
I'm kick scaring my bud, bud
Look around bro, it's just us
We been a nigga since the younger
Fam I don't trust, but I have one
Go suck your dad, like your mum done
I know these bitches love Sosa
But how the fuck are they forgetting Mo?
You know I'm sticking to the realest code

I could'a caught a body bout' a week ago
Fuck with us and then we tweeking ho
One shot for my enemies
Two for my frenemies
Pour all your Hennessy
No I can never make you wifey
She said she likes me I like she

Yo, they like my pictures on IG
But I know them paigons don't like me
Lord protect me from these fuck Niggas
Cause I just want my real ones beside me
Niggas get jealous like a wifey
So, me no trust no buddy, no buddy
Heard them niggas wanna roll on me

But me no have worry, no worries
Cause they no catch no buddy, no buddy

You started from the bottom
And you're still there
No weave, cuh we keep it real here
All my niggas wanna roll like a wheelchair
Now Scammy, buss a two step
