

Not A Gold Digger

MoStack

When you find the right guy you gon' do everything for him
Cos I can see you got potential, it sucks that your ex never saw it
I know you like guys with AP watches and foreigners
That don't make you a gold digger, you don't want a broke nigga
I'm here for it
Why you on my mind girl, it's 5 in the morning
Your ex hitting your line, girl you just gotta ignore it

You're the one these niggas want but they can't claim it
I asked her for type she said 'not basic'
You ain't a gold digger, you're high maintenance
Girl anything you want girl, just say it
I know you like that Moncler jacket with the fur on
Steak, that's sirloin
Start a business and try put your girl on
You're all about your money, it's a turn on, I can't lie
Fell in love when I met her, I can't lie
Made me spend my cheddar, I can't lie
You need a real go getter, he ain't got drive
Baby you can do better, don't lower that price

When you find the right guy you gon' do everything for him
Cos I can see you got potential, it sucks that your ex never saw it
I know you like guys with AP watches and foreigners
That don't make you a gold digger, you don't want a broke nigga
I'm here for it
Why you on my mind girl, it's 5 in the morning
Your ex hitting your line, girl you just gotta ignore it

Cos you ain't into all the fakeness, tell him save it
Different day, it's the same shit, it's never changing
You gave him all your time, you was really patient
You just wanted reassurance, he never gave it
Your tired of the lies that he tells
Now you're on the flight to Dubai with your girls
Cos you look better when you're single, you're looking mean
Now you wanna go tape, cirque and libertine
Girl, live your dream

When you find the right guy you gon' do everything for him
Cos I can see you got potential, it sucks that your ex never saw it
I know you like guys with AP watches and foreigners
That don't make you a gold digger, you don't want a broke nigga
I'm here for it
Why you on my mind girl, it's 5 in the morning
Your ex hitting your line, girl you just gotta ignore it

Everything for him
Sucks that your ex never saw it
AP watches and foreigners
