He can't believe that I hopped in
I'm black and I'm poppin', so fuck Katie Hopkins
All the risks man take to get the guaps in
Ah, I'm jetlagged, I hopped off the business class
I was in school watching miss' arse
You could've been us but you missed your chance
Ay yo, Aitch, I'm 31 if the bitches ask

The old man saw my watch when I copped 'em
I'm rich and from Moston, so fuck Boris Johnson
Rolls' Sky-Dweller big face lookin' chocolate
You had one chance to be us and you flopped it
Hopped off the PJ, had Stacko on replay
Ain't with the gang just my PA and DJ
Fuck your advance, I get more off my replay
Set' man soon to put the plaques up on eBay

I got gyal from Manny, you're not redeah
Took her to the back and got blows like Zeggae
I got gyal from Manny, you're not redeah
Honey's in the room but I don't know that many
I got gyal from London, they only want one ting
Came to the yard and I gave her the tumping
I got gyal from London in abundance
Pipe that once now she makin' assumptions
Yo, look

She got a big body like the whip that I ride
It's a big cocky and she sit on it right
Pussy got me hooked, don't need a bit on the side
But if the other bitch it comin', gettin' litty tonight
Couple bottles got me strugglin' to tie my lace
I was buzzing, but it's nothing, I can find my place

Room's so dark almost slipped it in the booty (Ooh)

Sliding in my shit and sending pictures of the coochie

I got gyal from Manny, you're not redeah

Took her to the back and got blows like Zeggae
I got gyal from Manny, you're not redeah
Honey's in the room but I don't know that many
I got gyal from London, they only want one ting
Came to the yard and I gave her the tumping
I got gyal from London in abundance
Pipe that once now she makin' assumptions
