But I've never had real love, tell me how it feels (Tell me how it feels)  
Never had real love, tell me how it feels (Tell me how it feels)  
If you've ever had real love, tell me how it feels

Yo, all these sexy gyal wan' come around us  
She can be my gyal just don't tell my girlfriend about us

We was talkin' for months and we ain't touched  
You got the, "How long you're gonna make me wait?" Love  
You think I'm gonna tell the world  
I didn't kiss and tell, they just knew that we kissed, they could tell  
And don't close your eyes, don't sleep on me, girl  
And even if you do, I'm gon' sleep with you, girl, I just don't give a fuck  
Had to let her go like a dove  
What's the true meanin' of love?  
If you've got a past then we can't be  
Forget the future, Lori Harvey
