

## Shannon

MoStack

Yo, can I get some Ciroc with ice?  
Charlotte from Cardiff, I feel your vibe  
Shannon got a man, yo I rate that guy  
'Cause I wanted to be that guy  
Big fur jacket for the winter, jumper say Givenchy  
If I was the broke for the summer  
Would this lady ever love me?

See, I'm just coolin' with the mandem  
I got my right eye on the paigon, left eye on Shannon  
If I never had the money, am I handsome?  
No, no, no, no, no  
My gyal jump on my ban-na-nana  
Make her scream like, "Da-da-da-da"  
She nuh want you (Nah, nah, nah, nah, nah)

When I hopped out the car with the army  
Them gyal lookin' like they want to run  
Bad energy stay from me  
Fake niggas make me uncomfortable  
Go tell 'dem boy deh step aside  
Can't you see the gangsters by my side?  
Why's your girlfriend lookin' cold outside?  
I'ma pull up to the curb, make her get inside  
Come, come, jump in Mercedes-Benz  
Always got space for the ladies 'dem  
Don't judge me from my past incident  
You're callin' me a player, where's your evidence?  
She saw a gyal on my bed and you're thinkin' things  
Don't know how she's here, it's a coincidence  
My diamonds dance with confidence  
I just bought a new drum, no instrument

See, I'm just coolin' with the mandem  
I got my right eye on the paigon, left eye on Shannon  
If I never had the money, am I handsome?  
No, no, no, no, no  
My gyal jump on my ban-na-nana  
Make her scream like, "Da-da-da-da"  
She nuh want you (Nah, nah, nah, nah, nah)

Oh, when I spent a rack on a jumper  
My bro said, "What the bumba"  
I never done this for girls, man done took L's  
Know how much racks that I spent on Chanel, uh-huh  
Gyal lookin' at me like, "Uh-huh"  
Wanna attack me like, "Uh-huh"  
Arkan Plaza with gyal from Ghana  
She gon' get a tip of this Gaza  
Came a long way from a likkle Samsung  
I boom boom bye like a Buju Banton  
Gyal, don't lie, I've never been that handsome  
He can't do the handshake, he's not the mandem  
I be on the block, chillin' on the avenue  
Gonna get the cash when there's nothing else to do  
I had to turn these L's into a W  
I bet your mama's vexed when she heard she's havin' you

See, I'm just coolin' with the mandem  
I got my right eye on the paigon, left eye on Shannon  
If I never had the money, am I handsome?  
No, no, no, no, no  
My gyal jump on my ban-na-nana  
Make her scream like, "Da-da-da-da"  
She nuh want you (Nah, nah, nah, nah, nah)
