

ILL BLU

Gimmie all the paper to Staqdó
I like that gyal with the backbone
All my nigga's making big funds and they're getting big ones, so
Hear the sound of the cash flow
The money goes oooh-oooh
Oooh-oooh
Oooh-oooh, oooh-oooh

I don't know who to trust these days
'Cos how these nigga's give me same speech
You ain't bro if we ain't got the same beef
Hang with them, you better hate me
I swear, the way how they live is crazy
I don't know who to make my wifey
'Cos Keisha likes me, plus Teisha likes me
But she's more like me
But she reminds me of a gyal that I've seen
Is your pum-pum tight? Can you please remind me
I'm so bipolar
See that Benz or Rover, lemme' call a chauffeur
Come a long way, it was the floor or sofa
I just bought a new home, who's coming over?
Nah, nah, my mind ain't simple
I don't want a gyal but don't wanna' be single
I just need a queen to cook and pop pimples
Then we get the money, baby, that's what I'm into

Gimmie all the paper to Staqdó
I like that gyal with the backbone
All my nigga's making big funds and they're getting big ones, so
Hear the sound of the cash flow
The money goes oooh-oooh
Oooh-oooh
Oooh-oooh, oooh-oooh

Girl calm down, calm down
I got enough wood for the whole crowd
Give it to you all on the low-down
You know it ain't small when you go down
I got enough dick for the whole squad
Enough corn for your whole block
I was on the block with the guy's in a mask
Then I'm in The Shard putting wine in a glass
That gyal there, she's mine, could you pass
She said [?], she's from France
I would fly Paris with a one-way ticket
But I gotta' get money, I can't make you missus
We was left out freezing, we had no coat
We did come far-far, we were seen as broke
I done took 8 years just to see results
Eh, don't fuck it up when your time approach

Gimmie all the paper to Staqdó
I like that gyal with the backbone
All my nigga's making big funds and they're getting big ones

So hear the cash flow
Oooh-oooh
Oooh-oooh
Oooh-oooh, oooh-oooh

Gimmie all the paper to Staqdó (Staqdó, Staqdó, Staqdó)
Gimmie all the paper to Staqdó (Mulla, mulla, mulla, mulla, yeah)

Ah na-na na na na-na-na
Ah da-da da da da-da-da

Money didn't cross my mind
Baby, I just upped the price, ah
