Would You?

MoStack

Heheh, that's why you don't trust them, cuz
You should've learnt, fam
Yeah but what's the vibe saying though?
I don't know, man
Let me ask J, see what she's on
(Rxwntree)
Hey, babe, you alright?
Yeah, what you sayin'?
Nothin', what you doing?
Nothin' just chillin', man, what you doin'?

I don't want a gyal, I want a business partner
I want a family, not a baby mama
If I go broke would you leave me after?
If I go broke would you? Ah
Would you leave if I ever go jail?
Would you? I don't really know, I can't really tell
Would you leave me for the guy that's richer?
And cut me out of the picture?

If I ever do you wrong, don't do me back
Just teach me how to love, no tit-for-tat
And why's out problems in your group chat?
I told you delete my man off Snapchat
Yo, if you don't listen now, then it's gonna burn
When we spend all my money that I fuckin' earn
Don't put me in your life if I ain't first
All the time that you waste, can't return
If I never had this money would be right here for me? No
Would you be riding for me? No
Would you love me? Phone me, just let me know

I don't want a gyal, I want a business partner
I want a family, not a baby mama
If I go broke would you leave me after?
If I go broke would you? Ah
Would you leave if I ever go jail?
Would you? I don't really know, I can't really tell
Would you leave me for the guy that's richer?
And cut me out of the picture? (Yo)

Would you ever hide the 'matic in the attic for me?
Or let me stay at yours if they're lookin' for me
If I wake up hungry, you cookin' for me?
I see niggas change on you and that couldn't be me
Are you here for me or the Dior?
Are you a real one, I have to see more
I look through the rear-view and see a nee nor
I think the feds done clocked us
Would you put it in your bra if they stopped us?
You won't like me if I weren't guap'ed up
Would you give me a hand if I got stuck?
You know it's always gonna last if it's real love, baby

I don't want a gyal, I want a business partner
I want a family, not a baby mama
If I go broke would you leave me after?

If I go broke would you? Ah
Would you leave if I ever go jail?
Would you? I don't really know, I can't really tell
Would you leave me for the guy that's richer?
And cut me out of the picture?

You got me, you got me
D'you have me?
Um, of course I've got you
Would you ride for me?
You know this already
Would you kill for me?
I'll even die for you! (Yeah, yeah) Of course I will!
That's why I love you
Who d'you want me to kill for you?
Na-na, na-na-na
