

## Half the Mountain

Mostly Autumn

Half the mountain shines  
Half the water shines

But all of my heart  
Is burning slowly  
All of my heart  
Is burning quietly

Half the raincloud  
Falls  
Half the thunder  
Rolls

But all of my heart  
Is burning slowly  
All of my heart  
Is burning quietly  
All of my heart is missing you

The woman inside me has gone  
And the night falls cold

But all of my heart is burning slowly  
But all of my heart is burning quietly  
All of my heart is missing you
