

Dirty Devil Town

Mother Mother

Don't like living in a dirty town
Don't like living in a dirty town
I don't like living in a dirty town
'Cause a dirty town gets me down

Life's alright in devil town (I saved up and I bought some land)
('Cause I can't stand living in a dirty town)
Yeah right, no one's gonna catch us now (Yeah, I pinched my pennies and I put 'em down)
(And I washed my hands of a dirty town)
Daddy's bought a new car now (Plant my seeds in the ground)
(Yeah, I put 'em down in my newfound land)
We're fine, no one's gonna catch us now ('Cause you can't plant seeds in a dirty town)
(No, you can't plant seeds in a dirty town)

Devil town is colder in the summer time
I'll lose my mind at least another thousand times
Hold my hand tight
We'll make it another night

I still get a little scared of something new
But I feel a little safer when I'm with you
Falling doesn't feel so bad
When I know you've fallen this way too

We're all dead in devil town (Ah-ah-ah-all I need)
That's fine, 'cause nothing's gonna scare us now (Ah-ah-ah-all I see)

Ah-ah-ah-all I need
Is a chicken wire and a chicken feed
And ah-ah-ah-all I see
Is a newfound land fertility

Devil town is colder in the summer time
I'll lose my mind at least another thousand times
Hold my hand tight
We'll make it another night

I still get a little scared of something new
But I feel a little safer when I'm with you
Falling doesn't feel so bad
When I know you've fallen this way too

I choppin' firewood, choppin' firewood (Chop, chop, chop)
Just like a country boy should be chopping wood (I country)
My kindling sticks are the perfect little width (Kindling sticks)

Don't like living in a dirty town
Don't like living in a dirty town
I don't like living in a dirty town
'Cause a dirty (devil) town gets me down

Devil town is colder in the summer time
I'll lose my mind at least another thousand times
Hold my hand tight
We'll make it another night

I still get a little scared of something new
But I feel a little safer when I'm with you
Falling doesn't feel so bad
When I know you've fallen this way too
