Mother Mother

(Why should we become afraid?)
(Why should we become afraid?)

(Why should we become afraid?)
(Why should we become afraid?)

Yeah
I got a cage inside my chest
And a heart inside that cage
And a key inside that broken heart
You tell me where do I start?
Inside

I got a song up in my head
And it might just save the world
But it won't come out 'til I save myself
Please tell me how do I start?
Inside

Inside

Sail away
Sail away
Sail away

Sail away
Sail away
Sail away

(What should we be afraid of?)
(Why should we become afraid?)

There's a good man inside of me
There's a good man inside of me
There's a good man inside of me
There's a good man inside of me...

There's a free soul inside of me
There's a sweet boy inside of me
There's goodness
There's goodness
There's good
Inside

Sail away
Sail away
Sail away

(Why should we become afraid?)

Sail away
Sail away
Sail away

(Why should we become afraid?)
(Why should we become afraid?)

Inside

Sail away
Sail away
Sail away

Sail away
Sail away
Sail away

(What should we be afraid of?)
(Why should we become afraid?)

Come what may
Only way out is going in
(Why should we become frightened?)

Come what may
Only way out is
Come what may
Only way out is going in
(Why should we become frightened?)

Come what may
Only way out is
Come what may
Only way out is going in
