Fall

MOTHICA

Kept me hanging by a thread
Making up the words you never said
Always been afraid of heights

Still I let you push me to the edge

I keep holding on so tight
Won't let go without a fight
Got too close and now I might fall

Fall
Fall
Into you into you
Fall
Oh

It was never up to me
Getting caught up in your gravity
Even if I lose my grip
Would you let me down down easily

I keep holding on so tight
Won't let go without a fight
Got too close and now I might fall

Fall
Fall
Into you into you
Fall
Oh
Into you

Into you into you
Into you into you
Into you into you
Fall

Hanging by a thread
Hanging onto words
That you never said
Hanging by a thread
Hanging onto words
That you never said

I keep holding on so tight
Won't let go

Fall
Fall
Into you into you
Fall
Oh
Into you

Fall
Fall
Into you into you

Fall
Ooh
Into you

Fall (I'm falling I'm falling)
Fall (Fall into you)
Fall (Im falling I'm falling)
Oh
Into you
