

Oblivion For Two

MOTHICA

Hold me close, hold me tight
Take my hand 'til the end of the night
In my skin, like a knife
Unafraid of the dark that I see in your eyes

Next we're all sinking
Down we go, down we go
Ultraviolet skin starts to glow

Oblivion for two
Me and you, 'til the colours fade
I know what to do, how to move
Dance the pain away
Oblivion for two
In this room, you're my sweet escape
I know what to do, lie with you 'til we disintegrate

Let me go down in flames
I'm not scared of the mess, of the hurt we could make
In my head (In my head) you're a blade (You're a blade)
That I reach for whenever he's calling my name

Next we're all sinking
Down we go, down we go
Ultraviolet skin starts to glow

Oblivion for two
Me and you, 'til the colours fade
I know what to do, how to move
Dance the pain away
Oblivion for two
In this room, you're my sweet escape
I know what to do, lie with you 'til we disintegrate

The edge of the world is at the foot of this bed
Afraid I'll fall if I look, but I'm not ready yet
It's the end of the world, and we're right at the ledge
But would it be so bad if we're the only ones left?
