

Quicksand

MOTHICA

I'm always saying sorry
I know that you don't want me
I'm just a fool you call me
But you don't want to

I never said it would be easy
You didn't think it'd be so hard
You thought loving me cheaply
Was good enough to start
But you forgot who I am
We fell in like quicksand
But you forgot who I am

I'm always saying sorry
I know that you don't want me
I'm just a fool you call me
But you don't want to

Who said it
Who said it
Did you mean it, you mean it, you mean it
I'm feeling all these feeling
And why,
Know why,
Know why you caused it, right
You know you caused it, right?

I'm always saying sorry
I know that you don't want me
I'm just a fool you call me
But you don't want to
