MOTHICA

Everything I touch, I leave
A trail of dirt behind me
Everything I do, they see
But the worst cannot define me

They can say what they want
It doesn't mean anything, no
Let them have their fun
Cause we know they're just the type to

Make it all about them, but we know it's not, oh oh
Make it all about them, but it's not their fault
They don't know that they're
Caught in their lies, don't know what it's like
You know, you know
Caught in their lies, all the fiction they write
Won't hold, won't hold

Everything I touch, I leave
A trail of hurt behind me
Everything I do, you see
The worst cannot define me

They can say what they want
It doesn't mean anything, no
Let them have their fun
Cause we know they're just the type to

Make it all about them, but we know it's not, oh oh
Make it all about them, but it's not their fault
They don't know that they're
Caught in their lies, don't know what it's like
You know, you know
Caught in their lies, all the fiction they write
Won't hold, won't hold

Never look away cause they want to hold to
Everything they think is right
Never get a break cause they're always watching
Waiting for the weak to break
