MOTHICA

Everything I touch, I leave  
A trail of dirt behind me  
Everything I do, they see  
But the worst cannot define me

They can say what they want  
It doesn't mean anything, no  
Let them have their fun  
Cause we know they're just the type to

Make it all about them, but we know it's not, oh oh  
Make it all about them, but it's not their fault  
They don't know that they're  
Caught in their lies, don't know what it's like  
You know, you know  
Caught in their lies, all the fiction they write  
Won't hold, won't hold

Everything I touch, I leave  
A trail of hurt behind me  
Everything I do, you see  
The worst cannot define me

They can say what they want  
It doesn't mean anything, no  
Let them have their fun  
Cause we know they're just the type to

Make it all about them, but we know it's not, oh oh  
Make it all about them, but it's not their fault  
They don't know that they're  
Caught in their lies, don't know what it's like  
You know, you know  
Caught in their lies, all the fiction they write  
Won't hold, won't hold

Never look away cause they want to hold to  
Everything they think is right  
Never get a break cause they're always watching  
Waiting for the weak to break
