

## SPIRAL

## MOTHICA

Somebody's gonna love me  
Even when I don't love myself  
Somebody's thinking of me  
Even when I don't trust myself  
Some nights I get lonely  
Sometimes I get worried  
If I'm writing this story all wrong

You've been suffering  
Yeah, I know what it's like to feel the bitter end  
You're not alone tonight

Even when I'm upside down  
Don't know where to go when I'm lost and found  
Even when I'm upside down  
I know I'll be just fine  
Even when I'm upside down  
I can't even feel, I'm so numb right now  
Even when I'm upside down  
I know I'll be alright

Don't know when it started  
Always felt this way, and it feels so low  
Call me heavy-hearted  
I've been overthinking 'cause I can't let go  
With nobody to talk to  
I've always been see-through  
I know you feel it too  
I know

You've been suffering  
Yeah, I know what it's like to feel the bitter end  
You're not alone tonight

Even when I'm upside down  
Don't know where to go when I'm lost and found  
Even when I'm upside down  
I know I'll be just fine  
Even when I'm upside down  
I can't even feel, I'm so numb right now  
Even when I'm upside down  
I know I'll be alright

Oh, I'm not afraid to spiral  
Oh, it's all about the cycle  
I know I'll be alright  
Won't give up the fight  
Know I'll make it out on the other side  
I'm not afraid to spiral  
Oh, it's all about the cycle  
I know I'll be alright  
Won't give up the fight  
Know I'll make it out on the other side  
I'm not afraid to spiral  
Oh, it's all about the cycle  
I know I'll be alright  
Won't give up the fight

Know I'll make it out on the other side
