

# You Will Forget Me

MOTHICA

You will forget me  
I don't read your mind anymore  
Breathe out further to know  
But it's no concentration  
I'm still waiting

You will forget me  
I don't need you and you don't need me  
Breathe out further to know  
But it's no constellation  
I'm waiting

Follow your heart tonight  
You'd never leave my side  
Will I rewind in time I'm going back

Follow your heart tonight  
You'd never leave my side  
Will I rewind in time I'm going back

You will forget me  
But I still believe  
But I still believe

You will forget me  
But I still believe  
But I still believe

You will come around  
Remember why you found it  
Don't wanna give it up yet  
Don't wanna give it up yet

You will come around, yeah  
[?] done right  
Don't wanna give it up yet  
Don't wanna give you  
Don't wanna give you up

Follow your heart tonight  
You'd never leave my side  
Will I rewind in time I'm going back

Follow your heart tonight  
You'd never leave my side  
Will I rewind in time I'm going back

Going back to where we were  
And how the feel was  
But I can't shake this  
I'm holding back with every word  
You know it hurts but I'm still saying  
You will forget me  
You will forget me

Follow your heart tonight  
You'd never leave my side

Will I rewind in time I'm going back

Follow your heart tonight  
You'd never leave my side  
Will I rewind in time I'm going back

Follow your heart tonight  
You'd never leave my side  
Will I rewind in time I'm going back

Follow your heart tonight  
You'd never leave my side  
Will I rewind in time I'm going back
