## **Autographs & Apologies**

**Motion City Soundtrack** 

Outline of a story-board with no idea Head first in the shallow end I apologize if I do not care Busy hands keep swimming they don't like swallowing To the abstract motor gotta make that motor hum gotta make it r un Forward seems like forever when ever is hand over hand over han Ы The busy hands keeps swimming gotta make that motor hum Get it over and done So much for autographs, so much for apologies So much for the promises I never intended to keep How does it all add up? How does this story end? I can't let qo, I can't pretend Very I'm so friendly, very I'm so Halloween So this is what I wanted Gotta keep those channels clean and other sobering themes I'm drowning by numbers my halo is bent it's a fat fucking lie And so the abstract motor gives in It says, at least I tried, at least I tried So much for autographs, so much for apologies So much for the promises I never intended to keep How does it all add up? How does this story end? I can't let go, I can't pretend I can't let go, I can't pretend
