

# Everything Is Fine

Motion City Soundtrack

They don't have a word for people like me  
They treat me as if I'm full of disease  
I'm starting to blur  
I'm starting to peel  
I'm starting again

They don't have a word for people like me  
I'm pushed to the back  
I'm pulled at the seams  
I'm starting to swerve  
I'm starting to jet  
I'm starting but all is lost  
I can't escape this feeling anymore

Everything is fine  
Nothing works inside  
Everything is fine  
Nothing works inside

I don't even know  
But I can pretend  
I've been here before  
I'll be here again  
I'm starting to tear  
I'm starting to fuse  
I'm starting but all I've got is nothing much  
I can't escape this feeling anymore

Everything is fine  
Nothing works inside  
Everything is fine  
Cut me out and leave the rest  
I can't escape this feeling anymore

Everything is fine  
Nothing works inside  
Everything is fine

Everything is fine  
Nothing works inside  
Everything is fine  
Cut me out and leave the rest  
I can't escape this feeling anymore

Everything is fine  
Nothing works inside  
Everything is fine  
Cut me out and leave the rest  
I can't escape this feeling anymore
