

Inside Out

Motion City Soundtrack

Get inside, get inside
I can't afford to lose control
Get inside out, get inside out

I tried to run, I tried to hide
I can't escape from what I am inside
It's in my blood, it's what I know
I am a goddamn animal

I am ordinary
But there's something in me
There's a terminating force that takes a hold
And won't let go

Get inside, get inside
I can't afford to lose control
Get inside out, get inside out
Get inside, get inside
I can't afford to lose control
Get inside out, get inside out

I hold it back, I keep it down
No words sleep whenever I'm around
I'm needled in, I can't let go
I am a goddamn animal

I am ordinary
But there's something in me
There's a terminating force that takes a hold
And won't let go

Get inside, get inside
I can't afford to lose control
Get inside out, get inside out
Get inside, get inside
I can't afford to lose control
Get inside out, get inside out

I always hoped that it would get better
They kept telling me there was a chance
I always hoped that it would get better
Now there's no where left to run

Get inside, get inside
I can't afford to lose control
Get inside out, get inside out

Get inside, get inside
I can't afford to lose control
Get inside out
Get inside, get inside
Get inside out
