

# Lose Control

## Motion City Soundtrack

I can get lost for days  
I can not stop the waves  
Stranded on top of this ugly ocean  
Everybody looks the same  
Some of us fall in love  
Some of us fall apart  
Dragging my body in slow motion  
Take me back to the start

Woah, woah  
It's time to lose control  
Woah, woah  
It's time to lose control  
Woah, woah  
It's time to lose control  
Woah, woah  
It's time to lose control

Say you just want to help  
I think you know how I felt  
Dammit Jack give me a magnifier  
Let me look for myself  
Struggling through the nights  
Shuffling through the days  
Everyone laughs when your mind is broken  
Is it better any other way

Woah, woah  
It's time to lose control  
Woah, woah  
It's time to lose control  
Woah, woah  
It's time to lose control  
Woah, woah  
It's time to lose control

I'm getting lost in the waves  
Don't think I'll make it today  
Just tell me how do you do it  
Can you do it?  
Yeah

Woah, woah  
It's time to lose control  
Woah, woah  
It's time to lose control  
Woah, woah  
It's time to lose control  
Woah, woah  
It's time to lose control
