This Is for Real

Motion City Soundtrack

I've got emotion Dripping out my pores and I Thought I would let you know You are the night light, Ripping through my wicked world How you make it sparkle and glow, Before I lose control There's just one thing you should know This is for real, this time I mean it I'm coming clean, please don't let go I said from the start, that you could take it or leave it I'd prefer that you keep it Don't let go Don't let go Don't let go I had some nightmares, Clawing at my skin and bones I nearly did explode You smoked the demons Gave me back my feelings Now I am good to go Before, my face hits the floor There's just one thing you should know This is for real, this time I mean it I'm coming clean, please don't let go I said from the start, that you could take it or leave it I'd prefer that you keep it Don't let go This is the best thing that I've ever had for real This is the best thing that I've ever had for real For a physical challenge I'm notoriously bored Intravenous delivery, electrolytes and more Everytime it's the same routine Out with the bad, in with the clean Before I lose all motor skills There's one thing you should know This is for real, this time I mean it I'm coming clean, please don't let go I said from the start, that you could take it or leave it I'd prefer that you keep it Don't let go

This is the best thing that I've ever had for real This is the best thing that I've ever had for real

This is the best thing that I've ever had for real This is the best thing that I've ever had for real
