Motionless in White

Bleh!

Bleh eh eh eh ow!

We take medication
to be someone else.
And we take off our clothes
to pay for the bills.
Where downloading content
will buy you a sentence.
And murder is free in the Hollywood hills.

And I'm living one big nightmare.
The ugly truth has a model face!
Making saints out of useless pop stars!
Where's the intelligence?

A-M-E-R-I-C-A
Home of the free
the sick and depraved.
A-M-E-R-I-C-A
So why the fuck are you looking at me?!

Oil prices are so high
we can't feed ourselves.
So we buy into fast food
and occupy the will.
We upload our status
and beg for attention.
They're all eating cake
on the Capitol hill.

Still living one big nightmare!
God save the human race.
Handing convicts fame in HD.
Glorified ignorance!
