

## Black Leather Jacket

Motörhead

Bad black leather and it's mine all mine  
Just like nineteen fifty nine  
Skin tight jeans jet black hair  
Buckle down shoes Babe I ain't no square  
Looking for love and you know I'm gonna crack it  
King of rock 'n' roll in a black leather jacket

Say mama can I go out tonight?  
I look sharp and I feel all right  
New blue moon gonna give me romance  
Reeling and rocking at the high school dance  
C'mon everybody let's get 'n' crack it  
Mean mutha in a black leather jacket

You know you gotta get it right  
Get ready for a Saturday night  
Bye bye bay, watch me jive  
Do you wanna take a walk outside?

Long Tall Sally and Susie Q  
Short Fat Fanny and Mary Lou  
Bonie Moronie and Maybelline  
D'ya wanna dance Sweet Little Sixteen?  
Got a piano and a sax to back it  
Rocking out in a black leather jacket

I got me some rock 'n' roll shoes  
I'm all done with singing the blues  
Born to lose, live to win  
You keep a knocking but ya can't come in  
Chase me baby, you know you can't catch it  
Outta sight in a black leather jacket
