

## Dirty Love

Motörhead

I could use some dirty love  
You can't abuse my dirty love  
That's what I need,  
To satisfy my greed  
Come on over with your dirty love

I want to taste some dirty love  
Don't want to waste your dirty love  
Whatever you got,  
You bet your life I want the lot  
I want to grab your dirty love

Like this!

I gotta have your dirty love  
I gotta have your dirty love  
I'll show you the way,  
To dirty love all night all day  
I'm gonna treat you to some dirty love

Right now!
