

## Down the Line

Motörhead

Hey babe, you gotta wake up now,  
I got something to say,  
The way I feel I can't stay here  
I gotta leave today,  
I can't stand to settle down,  
I gotta catch a ride  
I gotta get outta here,  
Because I wanna be outside,

You look just as good to me,  
And you ain't done nothing wrong,  
There's places that I gotta be,  
I been standing still too long,  
Baby please don't be mad,  
you treated me real fine,  
Best thing I ever had

But I gotta move on, down the line,

I gotta be in the wind,  
I wanna see the sun  
I know I can't be still no more,  
Not now the still has gone,  
I can't waste no more time,  
So I'll be on my way,  
You know I tried real hard,  
I tried so hard to stay here,

I don't know what's wrong with me  
I don't know what I'm running from,  
I got some other place to be,  
And I'm gonna try it on  
Baby please don't be cold,  
You treated me real fine  
You treated me like gold,

But I gotta move on, down the line

Baby I gotta go, know I've got to move,  
Gotta take a gamble,  
Even though I'm born to lose,  
I'll pass this way again,  
I'll see you by and by,  
I wish that I could stay,  
I wish that I was lying,

You been real good to me  
But it's time that I was gone,  
There's things you just can't see,  
And there's something going on,

Baby please don't be sad  
You treated me real fine  
I know I must be mad,  
But I gotta move, gotta move  
Move on down the line.
