

# Electricity

Motörhead

Don't speak of your beliefs  
They are yours to keep  
Memories will fade  
As time goes by

Remember just yourself  
Me or someone else  
You will be the only one to try

Freedom to believe don't cost a thing  
Innocence should not be bought and sold

Kiss a bolt of lightning  
It'll make you sing

Electricity deep in your soul

Don't tell me who I am  
I don't give a damn  
Your dreams are nothing  
You're a nowhere man

Think you're really smart  
Think you're pure in heart  
Go ahead and tell yourself you're not

Disbelief don't ever cost a dime  
Innocence should not be bought and sold

You need an open mind  
Shiver up your spine

Electricity deep in your soul

Don't speak of time gone by  
Don't even try  
My memories are skulls and vultures in the sky

I remember everyone,  
Tall or deaf, and dumb  
Now I am the only one passed by

Freedom to believe don't have a price  
Innocence never gets too old  
You need a bolt of rock  
Severe toxic shock

Electricity deep in your soul
